ACTIVITY 1

THE FIVE FACTIONS

In *Divergent*, Veronica Roth's mesmerizing debut novel, Tris Prior is turning 18 — but she's not having a party. Instead, she's forced to make a devastating choice that will either transform her or destroy her. And the consequences make for a gripping, electrifying tale of a dangerous, dystopian society.

In Tris's world, society is divided into five factions based on five dominant personality traits. Fill in the boxes on the chart with adjectives that further describe the members of each faction.

 ABANDON	 FAITH	 HONOR	 BRAVE	 SELFISH

Now imagine that you are about to be assigned to a faction. Where would you fit in? What would you choose to do with your life? What kind of people would you want to live with? On a separate sheet, write about which faction would be best for you based on your dominant personality traits.
